(c) (1) A new written or electronically prepared and transmitted prescription order shall be manually or electronically signed by the prescriber. If transmitted by the prescriber's agent, the first and last names of the transmitting agent shall be included in the order.

An electronically prepared and transmitted prescription that is printed following electronic transmission shall be clearly labeled as a copy, not valid for dispensing.

(4) The board is hereby authorized to conduct pilot projects related to any new technology implementation when deemed necessary and practicable, except that no state moneys shall be expended for such purpose.

(d) An authorization to refill a prescription order or to renew or continue an existing drug therapy may be transmitted to a pharmacist through oral communication, in writing, by facsimile transmission or by electronic transmission initiated by or directed by the prescriber.

(1) If the transmission is completed by the prescriber's agent, and the first and last names of the transmitting agent are included in the order, the prescriber's signature is not required on the fax or alternate electronic transmission.

(2) If the refill order or renewal order differs in any manner from the original order, such as a change of the drug strength, dosage form or directions for use, the prescriber shall sign the order as provided by subsection (c)(1).

(e) Regardless of the means of transmission to a pharmacy, ~~only~~ a pharmacist or a pharmacist intern shall be authorized to receive a new prescription order or a refill or renewal order from a prescriber or transmitting agent. ~~A pharmacist, a pharmacist intern~~

(f) A refill is one or more dispensings of a prescription drug or device that results in the patient's receipt of the quantity authorized by the prescriber for a single fill as indicated on the prescription order.

A prescription for a schedule III, IV or V controlled substance may authorize no more than five refills within six months following the date on which the prescription is issued.

(g) All prescriptions shall be filled or refilled in strict conformity with any directions of the prescriber, except that:

(1) A pharmacist who receives a prescription order for a brand name drug product, ~~excluding a biological product,~~ may exercise brand exchange with a view toward achieving a lesser cost to the purchaser unless:

~~(A) The prescriber, in the case of a prescription electronically signed by the prescriber, includes the statement~~ indicates "dispense as written" on the prescription or when communicating a prescription by oral order;

~~(B) the prescriber, in the case of a written prescription signed by the prescriber, writes in the prescriber's own handwriting "dispense as written" on the prescription;~~

~~(C) the prescriber, in the case of a prescription other than one in writing signed by the prescriber, expressly indicates the prescription is to be dispensed as communicated~~ the FDA has determined that a biological product is not an interchangeable biological product for the prescribed biological product; or

~~(D)(C) the federal food and drug administration~~ FDA has determined that a drug product of the same generic name is not bioequivalent to the prescribed brand name prescription medication;

(2) a pharmacist may provide up to a three-month supply of a prescription drug that is not a controlled substance or psychotherapeutic drug when a practitioner has written a drug order to be filled with a smaller supply but included sufficient numbers of refills for a three-month supply; or

(3) ~~a pharmacist who receives a prescription order for a biological product may exercise brand exchange with a view toward achieving a lesser cost to the purchaser unless:~~

~~(B) the prescriber, in the case of a prescription signed by the prescriber, writes in the prescriber's own handwriting "dispense as written" on the prescription;~~

~~(C) the prescriber, in the case of a prescription other than the one in writing signed by the prescriber, expressly indicates the prescription is to be dispensed as communicated; or~~

~~(D) the biological product is not an interchangeable biological product for the prescribed biological product~~ except for a prescription for a controlled substance, a pharmacist may use professional judgment to make the following adaptations to a prescription order if a patient consents, the prescriber has not indicated "dispense as written" on the prescription, the pharmacist documents the adaptation on the patient's

prescription record and the pharmacist notifies the prescriber:

- (A) Change the prescribed quantity if:
  - (i) The prescribed quantity or package size is not commercially available;
  - (ii) the change in quantity is related to a change in dosage form; or
  - (iii) the change extends a maintenance drug for the limited quantity necessary to coordinate a patient's refills in a medication synchronization program;
- (B) change the prescribed dosage form, strength or directions for use if it is in the best interest of the patient and the change achieves the intent of the prescriber; or
- (C) complete missing information on the prescription order if there is evidence to support the change.

(h) A pharmacist who selects an interchangeable biological product shall inform the patient or the patient's representative that an interchangeable biological product has been substituted for the prescribed biological product.

(i) If a prescription order contains a statement that during any particular time the prescription may be refilled at will, there shall be no limitation as to the number of times that such prescription may be refilled, except that it may not be refilled after the expiration of the time specified or one year after the prescription was originally issued, whichever occurs first.

(j) Prescription orders shall be recorded in writing by the pharmacist and the record so made by the pharmacist shall constitute the original prescription to be dispensed by the pharmacist. This record, if telephoned by other than the prescriber, shall bear the full name of the ~~person~~ individual so telephoning. Nothing in this section shall be construed as altering or affecting in any way laws of this state or any federal act requiring a written prescription order.

(k) (1) Except as provided in paragraph (2), no prescription shall be refilled unless authorized by the prescriber either in the original prescription or by oral order that is reduced promptly to writing and filled by the pharmacist.

(2) A pharmacist may refill a prescription order issued on or after the effective date of this act for any prescription drug, except a drug listed on schedule II of the uniform controlled substances act or a narcotic drug listed on any schedule of the uniform controlled substances act, without the prescriber's authorization when all reasonable efforts to contact the prescriber have failed and when, in the pharmacist's professional judgment, continuation of the medication is necessary for the patient's health, safety and welfare. Such prescription refill shall only be in an amount judged by the pharmacist to be sufficient to maintain the patient until the prescriber can be contacted, but in no event shall a refill under this paragraph be more than a ~~seven-day~~ 30-day supply or one package of the drug. However, if the prescriber states on a prescription that there shall be no emergency refilling of that prescription, then the pharmacist shall not dispense any emergency medication pursuant to that prescription. A pharmacist who refills a prescription order under this paragraph shall contact the prescriber of the prescription order on the next business day subsequent to the refill or as soon thereafter as possible. No pharmacist shall be required to refill any prescription order under this paragraph. A prescriber shall not be subject to liability for any damages resulting from the refilling of a prescription order by a pharmacist under this paragraph unless such damages are occasioned by the gross negligence or willful or wanton acts or omissions by the prescriber.

(l) If any prescription order contains a provision that the prescription may be

refilled a specific number of times within or during any particular period, such prescription shall not be refilled except in strict conformity with such requirements.

(m) Any pharmacist who exercises brand exchange and dispenses a less expensive drug product shall not charge the purchaser more than the regular and customary retail price for the dispensed drug.

(n) Except as provided in K.S.A. 65-1635(e), and amendments thereto, and as may otherwise be provided by law, nothing contained in this section shall be construed as preventing a pharmacist from refusing to fill or refill any prescription if, in the pharmacist's professional judgment and discretion, such pharmacist is of the opinion that it should not be filled or refilled.

(o) Within five business days following the dispensing of a biological product, the dispensing pharmacist or the pharmacist's designee shall make an entry of the specific product provided to the patient, including the name of the product and the manufacturer. Otherwise, the pharmacist shall communicate the biological product dispensed to the prescriber using facsimile, telephone, electronic transmission or other prevailing means, provided that communication shall not be required where:

- (1) There is no FDA-approved interchangeable biological product for the product prescribed; or
- (2) a refill prescription is not changed from the product dispensed on the prior filling of the prescription.

(q) A pharmacist shall maintain a record of any biological product dispensed for at least five years.

### EXPLANATION OF VOTE

Mr. Vice President: While **SB 39** appears benign on the surface, my concern is for the incremental infringement on the ability of our mom and pop cattle producers to compete in a worldwide free market. If RFID tags are so necessary, then why do we not require the same regulations on beef that is imported as we do on US beef? Supporting RFID tags could potentially lead to mandates and the destruction of the good people of our state who raise Kansas Beef and help feed the entire world. I vote No, out of concern to protect the freedom of our Kansas Beef Producers.—ALICIA STRAUB

SIXTY-THIRD DAY

---

SENATE CHAMBER, TOPEKA, KANSAS  
Thursday, May 6, 2021, 10:00 a.m.

The Senate was called to order by President Ty Masterson.  
The roll was called with 40 senators present.  
Invocation by Reverend Cecil T. Washington:

Lord, Help Us See You Like Isaiah Did!  
Isaiah 6:1-9

Heavenly Father, today, we're joining with millions across this nation, humbling ourselves on this National Day of Prayer. And Lord, as we join so many others on behalf of this nation, it is to You, and to You only, that we must turn for salvation.

You are the Almighty God of Heaven and Earth. There is no person and nothing created that is on Your level. We have no other god before us! So, as we approach You in prayer today, would You allow us, in our feeble, fumbling, oftentimes failing ways to find grace flowing from Your Throne of Mercy?

Your Holiness is so real that sometimes it would seem impossible to come into Your awesome presence. Oh but once again, I'm reminded of what You did for Isaiah. In chapter 6, he tells of how he was blown away and dumbfounded when You granted him a glimpse of Your overwhelming majesty and Holiness.

Lord, would You begin to give us, in this nation, an eye opening glimpse of Your majesty and of Your Holiness. Help us to see You as Isaiah saw You, in such a way that it blows our minds and opens our eyes to the degree that a revival of Godly righteousness explodes across this land.

Lord, You are this nations only hope! I offer this prayer, as one who has had my own Isaiah moment. And I thank You Lord. In the precious Name of Jesus, Amen!

The Pledge of Allegiance was led by President Masterson.

SIXTY-FOURTH DAY

---

SENATE CHAMBER, TOPEKA, KANSAS  
Friday, May 7, 2021, 10:00 a.m.

The Senate was called to order by Vice President Rick Wilborn.  
The roll was called with 40 senators present.  
Invocation by Reverend Cecil T. Washington:

To God Be the Glory, In Song!

Regardless of his own power and fame, King David wrote this song of praise, that God's people may well praise Him! In Psalm 8:1-2, these are the words he wrote... "I will give thanks to the Lord with all my heart; I will recount all Your wonders; I will be glad and rejoice in You; I will sing praise to Your name, O Most High."

Heavenly Father, You inspired another song writer, Andre Crouch, to write a song of praise for today. And Lord, may the spirit of this melody bless Your heart and the heart of Your people! Pastor Washington sang the following song:

How can I say thanks for the things You've done for me  
Things so undeserved, yet you gave to prove your love to me  
The voices of a million angels could not express my gratitude  
All that I am and ever hope to be, I owe it all to Thee  
To God be the glory! To God be the glory! To God be the glory!  
For the things You have done.  
With Your blood, you have saved me  
With Your power, You have raised me  
To God be the glory, for the things You have done!  
Just let me live my life, and let it be pleasing, Lord to Thee  
And should I gain any praise, let it go to Calvary  
With Your blood, You have saved me  
With Your power, You have raised me  
To God be the glory, for the things You have done! Amen!!

The Pledge of Allegiance was led by Vice President Wilborn.

#### EXPLANATION OF VOTE

Mr. Vice President: I vote "NO" on the Conference Committee Report on **HB 2137** because a provision in the bill reduces and then eliminates the requirement to include Kansas-grown products in the manufacture of domestic wine and hard cider by a farm winery. The proposal to eliminate the requirement did not have a hearing; it was an amendment to the bill in committee. Since farm wineries are granted special privileges for their sales, the legislature should consider this issue carefully. I do understand that there is a constitutional question and agree that the State should identify the legislative intent and compelling interest in providing for farm winery licenses. This discussion should come before, not after, changes are made.—MARCI FRANCISCO

Senator Hawk requests the record to show he concurs with the "Explanation of Vote" offered by Senator Francisco on **HB 2137**.

On motion of Senator Alley, the Senate recessed until 4:00 p.m.

**INTRODUCTION OF BILLS AND SENATE RESOLUTIONS**

SENATE CONCURRENT RESOLUTION No. 1615—

By Senator Pyle

A PROPOSITION to amend section 13 of article 2 of the constitution of the state of Kansas, relating to vote requirements for passage of bills or concurrent resolutions.

*Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the Senate and two-thirds of the members elected (or appointed) and qualified to the House of Representatives concurring therein:*

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: Section 13 of article 2 of the constitution of the state of Kansas is hereby amended to read as follows:

**"§ 13. Majority for passage of bills.** *Except as provided in article 14 of the constitution of the state of Kansas, a majority of the members then elected (or appointed) and qualified of each house, voting in the affirmative, shall be necessary to pass any bill or concurrent resolution. ~~Two-thirds (2/3) of the members then elected (or appointed) and qualified in each house, voting in the affirmative, shall be necessary to ratify any amendment to the Constitution of the United States or to make any application for congress to call a convention for proposing amendments to the Constitution of the United States.~~*"

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

*"Explanatory statement.* The purpose of this amendment is to remove the constitutional provision that requires two-thirds of members then elected (or appointed) and qualified in each house, voting in the affirmative, shall be necessary to ratify any amendment to the Constitution of the United States or to make any application for congress to call a convention for proposing amendments to the Constitution of the United States and provide that a majority of such members, voting in the affirmative, shall be necessary to pass such measures.

"A vote for this proposition would amend the constitution to provide that a majority of the members then elected (or appointed) and qualified of each house, voting in the affirmative, shall be necessary to pass any bill or concurrent resolution, except as provided in article 14 of the constitution of the state of Kansas. This would lower the vote requirement from two-thirds to a majority of such members for any bill or concurrent resolution to ratify any amendment to the Constitution of the United States or to make any application for congress to call a convention for proposing amendments to the Constitution of the United States.

"A vote against this proposition would not make any changes to

the constitution and would maintain the current provisions related to vote requirements for passage of bills or concurrent resolutions."

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the Senate and two-thirds of the members elected (or appointed) and qualified to the House of Representatives, shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at the general election in November in the year 2022, unless a special election is called at a sooner date by concurrent resolution of the legislature, in which case it shall be submitted to the electors of the state at the special election.

The board shall determine the actuarial cost method to be used in annual actuarial valuations, to determine the employer contribution rates that shall be certified by the board. Such certified rate of contribution, amortization methods and periods and actuarial cost method shall be based on the standards set forth in K.S.A. 74-4908(3)(a), and amendments thereto, and shall not be based on any other purpose outside of the needs of the system.

(b) (i) For employers affiliating on and after January 1, 1999, upon the basis of an annual actuarial valuation and appraisal of the system conducted in the manner provided for in K.S.A. 74-4908, and amendments thereto, the board shall certify, on or before July 15 of each year to each such employer an actuarially determined estimate of the rate of contribution which shall be required to be paid by each such employer to pay all of the liabilities which shall accrue under the system from and after the entry date as determined by the board, upon recommendation of the actuary. Such rate shall be termed the employer's participating service contribution and shall be uniform for all participating employers. Such additional liability shall be amortized as determined by the board. For all participating employers described in this section, the board shall determine the actuarial cost method to be used in annual actuarial valuations to determine the employer contribution rates that shall be certified by the board.

(ii) The board shall determine for each such employer separately an amount sufficient to amortize all liabilities for prior service costs which shall have accrued at the time of entry into the system. On the basis of such determination the board shall

annually certify to each such employer separately an actuarially determined estimate of the rate of contribution which shall be required to be paid by that employer to pay all of the liabilities for such prior service costs. Such rate shall be termed the employer's prior service contribution.

In lieu of levying the tax authorized in this subsection, any taxing subdivision may pay such costs from any employee benefits contribution fund established pursuant to K.S.A. 12-16,102, and amendments thereto. Each participating employer which is not by law authorized to levy taxes as described above, but which prepares a budget for its expenses for the ensuing year and presents the same to a governing body which is authorized by law to levy taxes as described above, may include in its budget an amount sufficient to make its contributions under this act which may be in addition to all other taxes authorized by law. Such governing body to which the budget is submitted for approval, may levy a tax sufficient to allow the participating employer to make its contributions under this act, which tax, together with any other fund available, shall be sufficient to enable the participating employer to make the contributions required by this act.

*First.* All buildings used exclusively as places of public worship and all buildings used exclusively by school districts and school district interlocal cooperatives organized under the laws of this state, with the furniture and books therein contained and used exclusively for the accommodation of religious meetings or for school district or school district interlocal cooperative purposes, whichever is applicable, together with the grounds owned thereby if not leased or otherwise used for the realization of profit, except that: (a) (1) Any school building, or portion thereof, together with the grounds upon which the building is located, shall be considered to be used exclusively by the school district for the purposes of this section when leased by the school district to any political or taxing subdivision of the state, including a school district interlocal cooperative, or to any association, organization or nonprofit corporation entitled to tax exemption with respect to such property; and (2) any school building, together with the grounds upon which the building is located, shall be considered to be used exclusively by a school district interlocal cooperative for the purposes of this section when being acquired pursuant to a lease-purchase agreement; and (b) any building, or portion thereof, used as a place of worship, together with the grounds upon which the building is located, shall be considered to be used exclusively for the religious purposes of this section when used as a not-for-profit day care center for children which is licensed pursuant to K.S.A. 65-501 et seq., and amendments thereto, or when used to house an area where the congregation of a church society and others may purchase tracts, books and other items relating to the promulgation of the church society's religious doctrines.

*Second.* All real property, and all tangible personal property, actually and regularly used exclusively for literary, educational, scientific, religious, benevolent or charitable purposes, including property used exclusively for such purposes by more than one agency or organization for one or more of such exempt purposes. Except with regard to real property which is owned by a religious organization, is to be used exclusively for religious purposes and is not used for a nonexempt purpose prior to its exclusive use for religious purposes which property shall be deemed to be actually and regularly used exclusively for religious purposes for the purposes of this paragraph, this exemption shall not apply to such property, not actually used or occupied for the purposes set forth herein, nor to such property held or used as an investment even though the income or rentals received therefrom is used wholly for such literary, educational, scientific, religious, benevolent or charitable purposes. In the event any such property which has been exempted pursuant to the preceding sentence is not used for religious purposes prior to its conveyance which results in its use for nonreligious purposes, there shall be a recoupment of property taxes in an amount equal to the tax which would have been levied upon such property except for such exemption for all taxable years for which such exemption was in effect. Such recoupment tax shall become due and payable in such year as provided by K.S.A. 79-2004, and amendments thereto. A lien for such taxes shall attach to the real property subject to the same on November 1 in the year

Moneys collected from the recoupment tax hereunder shall be credited by the county treasurer to the several taxing subdivisions within which such real property is located in the proportion that the total tangible property tax levies made in the preceding year for each such taxing subdivision bear to the total of all such levies made in that year by all such taxing subdivisions. Such moneys shall be credited to the general fund of the taxing subdivision or if such taxing subdivision is making no property tax levy for the support of a general fund such moneys may be credited to any other tangible property tax fund of general application of such subdivision. This exemption shall not be deemed inapplicable to property which would otherwise be exempt pursuant to this paragraph because an agency or organization: (a) Is reimbursed for the provision of services accomplishing the purposes enumerated in this paragraph based upon the ability to pay by the recipient of such services; or (b) is reimbursed for the actual expense of using such property for purposes enumerated in this paragraph; or (c) uses such property for a nonexempt purpose which is minimal in scope and insubstantial in nature if such use is incidental to the exempt purposes of this paragraph; or (d) charges a reasonable fee for admission to cultural or educational activities or permits the use of its property for such activities by a related agency or organization, if any such activity is in furtherance of the purposes of this paragraph; or (e) is applying for an exemption pursuant to this paragraph for a motor vehicle that is being leased for a period of at least one year.

*Third.* All moneys and credits belonging exclusively to universities, colleges, academies or other public schools of any kind, or to religious, literary, scientific or benevolent and charitable institutions or associations, appropriated solely to sustain such institutions or associations, not exceeding in amount or in income arising therefrom the limit prescribed by the charter of such institution or association.

*Fourth.* The reserve or emergency funds of fraternal benefit societies authorized to do business under the laws of the state of Kansas.

*Seventh.* All parsonages owned by a church society and actually and regularly occupied and used predominantly as a residence by a minister or other clergyman of such church society who is actually and regularly engaged in conducting the services and religious ministrations of such society, and the land upon which such parsonage is located to the extent necessary for the accommodation of such parsonage.

*Eighth.* All real property, all buildings located on such property and all personal property contained therein, actually and regularly used exclusively by any individually chartered organization of honorably discharged military veterans of the United States

armed forces or auxiliary of any such organization, which is exempt from federal income taxation pursuant to section 501(c)(19) of the federal internal revenue code of 1986, for clubhouse, place of meeting or memorial hall purposes, and real property to the extent of not more than two acres, and all buildings located on such property, actually and regularly used exclusively by any such veterans' organization or its auxiliary as a memorial park.

Notwithstanding any other provision of this clause, motor vehicles shall not be exempt hereunder unless such vehicles are exclusively used for the purposes described therein, except that the use of any such vehicle for the purpose of participating in a coordinated transit district in accordance with the provisions of K.S.A. 75-5032 through 75-5037, and amendments thereto, or K.S.A. 75-5051 through 75-5058, and amendments thereto, shall be deemed as exclusive use.

*Tenth.* For all taxable years commencing after December 31, 1986, any building, and the land upon which such building is located to the extent necessary for the accommodation of such building, owned by a church or nonprofit religious society or order which is exempt from federal income taxation pursuant to section 501(c)(3) of the federal internal revenue code of 1986, and actually and regularly occupied and used exclusively for residential and religious purposes by a community of persons who are bound by vows to a religious life and who conduct or assist in the conduct of religious services and actually and regularly engage in religious, benevolent, charitable or educational ministrations or the performance of health care services.

*Eleventh.* For all taxable years commencing after December 31, 1998, all property actually and regularly used predominantly to produce and generate electricity utilizing renewable energy resources or technologies when the applicant for such property, on or before December 31, 2016, has filed an application for exemption pursuant to this subsection or has received a conditional use permit to produce and generate electricity on the property from the county in which the property is located. #### EXPLANATION OF VOTE

Mr. Vice President: Votes today have been difficult on a lot of issues, this being one of them. When I look at the bill as a whole, the good outweighs the potential bad. Even the bad which, most would say, is the property tax issue with our health clubs, the overarching principle to me is government should not be in the business of picking winners and losers. That's what this does. Government is giving tax benefits to some and not others. That is not right. Is this bill the right way to deal with it? I do not know. The principle in this bill is correct and I have confidence as we move forward we can examine it more in depth and come to the proper solution. But the parts that are good in here, the business protections, the 20-mills for schools, the provision for the elderly, to me those are key pieces and for those reasons I vote aye.—RENEE ERICKSON

#### EXPLANATION OF VOTE

Mr. Vice President: I've had the privilege to serve on the education, judiciary and taxation and assessment committees this session. Earlier today we overwhelmingly passed a school funding bill that included a recommendation to give additional compensation to school employees of up to \$500. These are employees that kept their jobs and were paid throughout the pandemic. That was the work of the education conference committee. The interesting thing is that the judiciary and taxation committees also worked to address the needs of Kansans that had businesses that were shut down, didn't have their income coming in but still had the property tax burden of their business. There was a balance in these two pieces of legislation and we knew business owners throughout the state would be positively impacted. This morning, we just took one of these opportunities off the table without any Kansans benefiting from our efforts. To make matters worse, this is the second year in a row that a strong bipartisan vote by this body to provide property tax relief for our over-burdened retirees has been stripped away. So I did vote 'pass' and I'm going to keep my vote of 'pass' because we've passed up on these opportunities to serve Kansans.—MOLLY BAUMGARDNER

(5) The claimant shall submit any other information required by the board to resolve the claim.

(6) Any information received pursuant to this subsection shall be confidential, shall not be disclosed and shall not be subject to subpoena, discovery or introduction into evidence in any civil or criminal proceeding, except that such information may be disclosed to: (A) The board; (B) any employees of the board or the office of the attorney general in support of the board's duties; and (C) federal or state agencies, when necessary in the performance of their official duties or functions. Such information shall not be a public record and shall not be subject to the Kansas open records act, K.S.A. 45-215 et seq., and amendments thereto. The provisions of this paragraph shall not be required to be reviewed by the legislature and shall not expire in accordance with K.S.A. 45-229, and amendments thereto.

(b) (1) The board shall decide each claim based on the information submitted pursuant to this section or otherwise obtained by the board, and no hearings shall be required.

(2) Notwithstanding any other provision of law, a meeting of the board to decide a claim or conduct an informal reconsideration hearing shall not be subject to the Kansas administrative procedure act, K.S.A. 77-501 et seq., and amendments thereto, and shall not be subject to the Kansas open meetings act, K.S.A. 75-4317 et seq., and amendments thereto.

(c) In evaluating the claim award, the board shall consider the following factors for each claim:

(1) The duration and nature of the impact of each order making a restriction, including:

(A) The imposition of any curfew, occupancy restriction or other restriction on business operations; and

(B) any added duties prescribed by law on businesses in order to comply with any governmental order that applied to business operations;

(2) reasonable costs related to the filing of the claim under the procedures outlined in this act;

(3) any extraordinary contributions by the business that benefited the general public of the state;

(4) any relevant factors listed in the Kansas eminent domain procedure act, the Kansas condemnation law or the Kansas private property protection act;

(5) the moneys available for distribution from the applicable fund or funds and the number of claims against such fund or funds;

(6) any governmental grants related to the COVID-19 pandemic that were received by the claimant or governmental loans related to the COVID-19 pandemic made to the claimant that were forgiven by a governmental entity;

(7) the amount of any benefits the claimant received under the employment security law of this state;

(8) whether the claimant has received any tax refund, rebate or other tax relief related to the COVID-19 pandemic;

(9) the percentage of the relief granted that the claimant projects to use for

employee pay, salary, compensation or benefits; and

(10) the extent to which non-governmental orders or restrictions and consumer behavior contributed to the monetary loss claimed by the business. The board shall quantify the amount of the claimed loss attributable to non-governmental orders or restrictions and consumer behavior and shall not grant relief for such amount.

(d) (1) On or before September 30, 2022, the board shall decide on all claims filed pursuant to this section and issue a written decision that either grants or denies relief for each claim. The board shall issue all of the written decisions on such claims on the same date.

(2) A written decision that grants relief shall:

(A) Specify the amount of relief to be paid to the claimant as calculated under this section and approved by the board;

(B) identify the governmental entity that issued the applicable order making a restriction;

(C) assign the amount of relief to be paid to the claimant according to the governmental entity that issued the applicable order making a restriction;

(D) notify the claimant that if the claimant does not use at least the percentage of the relief such claimant projected to use for employee pay, salary, compensation or benefits for such items, such relief may be subject to repayment; and

(E) notify the claimant of the right to an informal reconsideration pursuant to subsection (e).

(3) No relief to be paid shall be assigned to a county if the applicable order issued by the county was less restrictive than an applicable order issued by the state. If the applicable order issued by the county was the same as an applicable order issued by the state, the board may assign up to 50% of the relief to be paid to the county based on availability of moneys in such county's fund established pursuant to section 5, and amendments thereto.

(4) No relief to be paid shall be assigned to a city if the applicable order issued by the city was the same or less restrictive than an applicable order issued by the state or the county where such city is located.

(5) The claimant shall notify the board in writing whether the claimant declines such relief within 15 days of receipt of the written decision. If the claimant does not make such notification, the claim shall be deemed accepted.

(6) A written decision that denies relief shall specify the reasons for such decision and notify the claimant of the right to an informal reconsideration pursuant to subsection (e). The claimant shall notify the board in writing whether the claimant challenges such decision within 15 days of receipt of the written decision.

(e) (1) A claimant may request reconsideration of the decision of the board by requesting an informal hearing to be conducted by the board. Following such hearing, the board shall issue a written decision either granting or denying relief. A written decision granting relief shall comply with the provisions of subsection (d)(2)(A) through (d)(2)(D).

(2) A claimant shall notify the board in writing whether the claimant declines such relief within 15 days of receipt of the written decision. If the claimant does not make such notification, the claim shall be deemed accepted.

(f) On or before January 31, 2023, after the board has issued all written decisions under subsection (e), the board shall report all the claims in which the relief has been

accepted by the claimant to the joint committee on special claims against the state in an open meeting. The committee shall review such claims and shall make a recommendation on such claims to the legislative coordinating council pursuant to section 2, and amendments thereto.

(g) On or before March 1, 2024, any claimant who receives relief under section 2, and amendments thereto, shall report to the attorney general the actual percentage of the relief granted such claimant used for employee pay, salary, compensation or benefits. If such percentage is less than the percentage of the relief such claimant projected to use for employee pay, salary, compensation or benefits, the attorney general shall order the claimant to pay the full projected percentage to such claimant's employees or repay the difference between the projected percentage and the actual percentage to the attorney general. Any repayment received by the attorney general shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the COVID-19 small business relief fund.

(h) If a claimant files a claim with the board pursuant to this act, such claimant shall be prohibited from filing any claim in a civil action against the state and all subdivisions of government and each of their officers, employees, agents and representatives seeking damages or any other monetary relief based on an order making a restriction related to the COVID-19 pandemic, including, but not limited to, a claim under K.S.A. 48-933, and amendments thereto, the Kansas private property protection act, K.S.A. 77-701 et seq., and amendments thereto, or any claim related to compensation for a governmental taking. A claimant shall not be prohibited from filing any claim in a civil action seeking injunctive, declaratory or other nonmonetary relief.

(i) (1) Nothing in this act shall create any property right or right in action. The courts shall have no jurisdiction to entertain any action against the board, the attorney general or the state of Kansas, or any officer or agent thereof, founded on a claim that the claimant should have received different or better treatment pursuant to this act.

(2) Determinations made by the board pursuant to this act, including, but not limited to, the eligibility of any business for relief and the determination of the proper amount of such relief, if any, shall be committed to the sole discretion of the board based on the information available to it and shall not be subject to appeal or judicial review.

(j) The provisions of this section shall expire on January 1, 2025.

New Sec. 5. (a) The board of county commissioners of any county that issues, or previously issued, an order making a restriction under this act shall establish, by adoption of a resolution, a county COVID-19 small business relief fund. The board of county commissioners shall designate an officer of the county as the administrator of such fund.

(b) The officer of the county designated as the administrator of such fund shall determine the amount of moneys received by the county on and after January 1, 2021, that are identified as moneys from the federal government for coronavirus relief aid to the county that may be expended at the discretion of the county and are unencumbered. Of such identified moneys, such officer shall determine 35% of such moneys available in county funds. The officer shall certify the amount so determined from each county fund to the board of county commissioners and transfer such certified amount from such county funds to the county COVID-19 small business relief fund. At the same time as

such certification is transmitted to the board of county commissioners, the officer shall transmit a copy of such certification to the director of legislative research and to the attorney general.

(c) Except as provided in subsection (d), unless prohibited by federal law, moneys in the county COVID-19 small business relief fund shall be used only for the purpose of paying relief amounts authorized by the legislative coordinating council pursuant to section 2, and amendments thereto. Upon receipt of a notification from the legislative coordinating council that relief is to be paid to a claimant by the county from such fund, the county shall pay such relief and provide notice of payment to the legislative coordinating council.

(d) On and after April 1, 2023, any remaining moneys in the county COVID-19 small business relief fund may be used in any manner consistent with state and federal law upon adoption of a resolution by the board of county commissioners. Such resolution shall abolish the county COVID-19 small business relief fund on December 31, 2024, and all pending or future claims against the fund are hereby declared to be null and void.

(e) The provisions of this section shall expire on January 1, 2025.

New Sec. 6. (a) The governing body of a city that issues, or previously issued, an order making a restriction under this act shall establish, by adoption of an ordinance, a city COVID-19 small business relief fund. The governing body of the city shall designate an officer of the city as the administrator of such fund.

(b) The officer of the city designated as the administrator of such fund shall determine the amount of moneys received by the city on and after January 1, 2021, that are identified as moneys from the federal government for coronavirus relief aid to the city that may be expended at the discretion of the city and are unencumbered. Of such identified moneys, such officer shall determine 35% of such moneys available in city funds. The officer shall certify the amount so determined from each city fund to the governing board of the city and transfer such certified amount from such city funds to the city COVID-19 small business relief fund. At the same time as such certification is transmitted to the governing body of the city, the officer shall transmit a copy of such certification to the director of legislative research and to the attorney general.

(c) Except as provided in subsection (d), unless prohibited by federal law, moneys in the city COVID-19 small business relief fund shall be used only for the purpose of paying relief amounts as authorized by the legislative coordinating council pursuant to section 2, and amendments thereto. Upon receipt of a notification from the legislative coordinating council that relief is to be paid to a claimant by the city from such fund, the city shall pay such relief and provide notice of payment to the legislative coordinating council.

(d) On and after April 1, 2023, any remaining moneys in the city COVID-19 small business relief fund may be used in any manner consistent with state and federal law upon adoption of an ordinance by the governing body of the city. Such ordinance shall abolish the city COVID-19 small business relief fund on December 31, 2024, and all pending or future claims against the fund are hereby declared to be null and void.

(e) The provisions of this section shall expire on January 1, 2025.

New Sec. 7. (a) The provisions of this act are severable. If any portion of the act is declared unconstitutional or invalid, or the application of any portion of the act to any person or circumstance is held unconstitutional or invalid, the invalidity shall not affect

other portions of the act that can be given effect without the invalid portion or application, and the applicability of such other portions of the act to any person or circumstance shall remain valid and enforceable.

(b) The provisions of this section shall expire on January 1, 2025.

New Sec. 8. (a) The legislative post audit committee shall direct the legislative division of post audit to conduct a study of the performance of the board in carrying out the actions required by section 4, and amendments thereto. Such study shall include an analysis of the methods used by the board in making recommendations to the joint committee on special claims against the state.

(b) The study shall include a randomized study of not less than 10% of the total number of claims filed under section 4, and amendments thereto. The study may include information related to the process used by the board to grant or deny reconsideration requests.

(c) The legislative division of post audit shall report to the joint committee on special claims against the state and provide a summary of the findings of such study prior to January 31, 2023.

(d) The provisions of this section shall expire on January 1, 2025.

Sec. 9. K.S.A. 48-933 is hereby amended to read as follows: 48-933. (a) Each person within this state shall act and manage the affairs of such person and such person's property in any way which reasonably will assist and not detract from the ability of the state and the public successfully to meet disasters. This obligation includes appropriate personal service and use or restriction on the use of property during a declared state of disaster emergency under K.S.A. 48-924, and amendments thereto, or a declared state of local disaster emergency under K.S.A. 48-932, and amendments thereto. This act neither increases nor decreases these obligations, but recognizes their existence under the constitution and statutes and the common law of this state. Compensation for services or for the taking or use of property shall be only to the extent that obligations recognized in this subsection are exceeded in a particular case and then only to the extent that the claimant may not be deemed to have volunteered services or property without compensation.

(b) No personal services may be compensated by the state or any subdivision or agency thereof, except pursuant to statute enacted or ordinance duly adopted therefor.

(c) Compensation for property shall be only if the property was commandeered or otherwise used in coping with a disaster and its use or destruction was ordered by the governor, adjutant general, an official of a county, city or interjurisdictional disaster agency, or some other authorized member of the emergency management forces of this state.

(d) Any person claiming compensation for the use, damage, loss or destruction of property under this act shall file a claim therefor in the district court in the same manner as any other civil action. The court shall determine the validity of such claim in the same manner and under the same conditions prescribed for condemnation actions pursuant to K.S.A. 26-501 et seq., and amendments thereto. Unless the amount of compensation on account of property damaged, lost or destroyed is agreed upon by the claimant and the adjutant general, the amount of compensation shall be calculated in the same manner as compensation due for a taking of property pursuant to the condemnation law of this state.

(e) Nothing in this section;

(1) Authorizes compensation for intangible losses occurring during the state of disaster emergency related to the COVID-19 health emergency described in K.S.A. 2020 Supp. 48-924b, and amendments thereto; or

(2) applies to or authorizes compensation for the destruction or damaging of standing timber or other property in order to provide a fire break or for the release of waters or the breach of impoundments in order to reduce pressure or other danger from actual or threatened flood.

Sec. 10. K.S.A. 48-933 is hereby repealed.";

And by renumbering sections accordingly;

On page 1, in the title, in line 1, by striking all after "ACT"; by striking lines 2 through 5; in line 6, by striking all before the period and inserting "enacting the COVID-19 small business relief act; providing funds for impacted small businesses; making and concerning appropriations for the fiscal years ending June 30, 2021, and June 30, 2022, June 30, 2023, and June 30, 2024; authorizing certain transfers and imposing certain limitations; creating the COVID-19 small business relief fund and providing procedures for the administration of such fund by the legislative coordinating council; creating the COVID-19 small business relief claims board and providing for administration of this act by the board with the assistance of the attorney general; requiring certain counties to establish and administer a county COVID-19 small business relief fund and certain cities to establish and administer a city COVID-19 small business relief fund; requiring a study by the legislative division of post audit; prohibiting compensation for intangible losses related to the COVID-19 public health emergency under the Kansas emergency management act; amending K.S.A. 48-933 and repealing the existing section"; And your committee on conference recommends the adoption of this report.

**MESSAGE FROM THE HOUSE**

Announcing a line item veto message from the Governor, together with the enrolled copy of **HB 2007**, AN ACT making and concerning appropriations for fiscal years ending June 30, 2021, June 30, 2022, June 30, 2023, and June 30, 2024, for state agencies; authorizing certain transfers, capital improvement projects and fees, imposing certain restrictions and limitations, and directing or authorizing certain receipts, disbursements, procedures and acts incidental to the foregoing; amending K.S.A. 75-4209, 75-6702 and 75-6706 and K.S.A. 2020 Supp. 2-223, 12-1775a, 12-5256, 55-193, 65-180, 72-5462, 74-50,107, 74-99b34, 75-2263, 75-6707, 76-775, 76-7,107, 79-2959, 79-2964, 79-3425i, 79-34,171, 79-4804 and 82a-953a and repealing the existing sections, received on April 26, 2021 and read on May 3, 2021.

**Message from the Governor**

I want to thank the legislature for working together thoughtfully and expeditiously to pass this budget, which includes many enhancements to the work we began before the pandemic to restore funding through fiscally responsible tax and budget policy. There is still more work to be done, however, this budget includes significant funding to support some of the most vulnerable Kansans, including those in long-term care and those with intellectual disabilities. It also increases access to newborn screening, preventive mental health, and crisis services.

While I support the majority of the provisions in this budget, there are items that have either been resolved in existing legislation or that would be better addressed not in this budget but through better collaboration between agencies and stakeholders. Other provisions tie funding mandates or prohibitions to blanket policies that should be either more narrowly tailored or independently vetted on their own merits through the regular legislative process.

I look forward to working with the legislature to address the critical funding measures that must be passed during Omnibus. These include our constitutional obligation to adequately and equitably fund our K-12 public schools, salary increases for state employees, and restored funding for state agencies whose budgets were reduced as a precautionary measure due to the COVID-19 pandemic.

Therefore, pursuant to Article 2, Section 14(b) of the Constitution of the State of Kansas, I hereby return House Bill 2007 with my signature approving the bill, except for the items enumerated below.

State Bank Commissioner—Per Diem Increase for Kansas Banking Board Members

Section 4(b) has been line-item vetoed in its entirety.

This section would increase the per diem for members of the state banking board from \$35 to \$100 for the 2021 fiscal year, which ends in less than 70 days. The legislature should study this issue over the interim and make recommendations applicable to all boards and commissions. These recommendations should consider the fiscal impact of potential increases.

Legislative Coordinating Council—Room 221-E

Sections 29(d) and 31(a) have been line-item vetoed in their entirety. Additionally, the following portion of section 30(a) has also been vetoed:

Provided further, That notwithstanding the provisions of K.S.A. 75-3765a, and amendments thereto, or any other statute, expenditures shall be made by the above

agency from the legislative coordinating council – operations account of the state general fund for fiscal year 2022 for the designation and identification of room 221-E of the state capitol building as a meditation room.

These sections would designate Room 221-E as the meditation room in the Statehouse. I support legislative efforts to provide a meditation space in one of the many rooms in the Capitol that remain unused for much of the year and are more convenient, more accessible, and closer to the public entrance.

Room 221-E, which is adjacent to the rest of the Governor’s Office and has been designated as part of the Governor’s Office space in the Statehouse, is currently being used by our constituent services team to provide critical assistance to Kansans on unemployment issues, proclamations, questions regarding legislative matters, and other inquiries.

#### Legislative Coordinating Council—Federal Coronavirus Relief Funding

Section 30(c) has been line-item vetoed in its entirety.

This section would require recommendation by the Legislative Budget Committee and approval by the Legislative Coordinating Council before any federal coronavirus relief funds can be spent. The process for allocating federal funds should follow the agreed-upon process of approval through the State Finance Council after recommendation from the SPARK Taskforce. This will ensure that federal funds are allocated with a full understanding of the relevant federal requirements and limitations while receiving input from the private sector through a transparent process. Changing this now will create confusion and slow down the ability to make meaningful investments critical to our economic recovery.

#### Department of Commerce—Public Broadcasting Facility Relocation

Sections 69(j), 70(i), 71(a), and 72(a) have been line-item vetoed in their entirety.

These sections would prohibit any appropriation from the state economic development initiatives fund to a public broadcasting station that moved to a different location or has a plan to move to a different location. It has been brought to my attention that this language was broader than intended. Please work with interested parties to agree to language that is more narrowly tailored.

#### Department for Health and Environment – Division of Health Care Finance

Protected Income Level for the Program of All-Inclusive Care for the Elderly (PACE)

That portion of Section 80(e) that reads as follows has been line-item vetoed:

(2) 300% of federal supplemental security income for any person in Kansas receiving services from a program of all-inclusive care for the elderly administered by the Kansas department of aging and disability services.

This would increase the protected income level for those who are in the PACE program above Kansans who are served under section 1915(c) of the federal Social Security Act. When I signed House Substitute for Senate Bill 25 in 2019, I approved an increase to the protected income level for both groups to \$1,177 per month, which is reflected in rules and regulations. The protected income level should continue to be addressed in a comprehensive manner.

#### Kansas Department for Aging and Disability Services—

##### Moratoriums at State Psychiatric Hospitals

Sections 84(s) and 85(a) have been line-item vetoed in their entirety.

These sections would prohibit the Kansas Department for Aging and Disability Services from making any expenditures that would impose a moratorium on admissions

at any state psychiatric hospital from the effective date of this act through June 30, 2023. It would also require KDADS to lift the moratorium by October 1, 2021, using existing resources.

I have worked with the legislature to include funding in last year's budget for a comprehensive plan to safely and efficiently lift the moratorium. The COVID-19 pandemic delayed certain building activities in that plan, pushing the expected completion date to the beginning of 2022. This proviso simply lifts the moratorium earlier than is possible, without any feasible re-opening plan or funding. This will force the agency to pay higher costs for contract staff and an expedited construction timeline. I am committed to lifting the moratorium, but we should do so in a way that doesn't endanger staff or patients or lead to high one-time costs that can be avoided through a more fiscally responsible approach.

Kansas Department for Aging and Disability Services—

Request for Proposals for the Program of All-Inclusive Care for the Elderly (PACE)

Section 84(t) has been line-item vetoed in its entirety.

This section would require the Kansas Department of Aging and Disability Services to issue a request for proposals from potential providers interested in participating in the PACE program.

If this is a priority for the Legislature, additional funding should be appropriated in the omnibus budget bill to expand the PACE program rather than simply requiring a request for proposals. Given the current language of this proviso, funding for expanding PACE would require an offset in funding from existing resources and initiatives. As a long-time supporter of the PACE program, I understand that it can provide long-term savings, but that should be acknowledged with a comprehensive funding plan that offsets initial costs.

Kansas Department for Aging and Disability Services—Larned State Hospital and Larned Correctional Mental Health Facility Pay Parity

Section 84(w) has been line-item vetoed in its entirety.

This provision would require the Kansas Department for Aging and Disability Services to provide the same starting salary and wages for entry-level positions at Larned State Hospital as are provided at the Larned Correctional Mental Health Facility using existing resources. If this is a priority for the Legislature, the Legislature should appropriate additional funding for the agency to implement higher entry-level salary and wages.

Kansas Department for Children and Families—Hope Ranch Pilot Program

That portion of Section 87(a) that reads as follows has been line-item vetoed:

Provided further, That in addition to other purposes for which expenditures may be made by the above agency from the youth services aid and assistance account for fiscal year 2022, an amount not to exceed \$300,000 shall be expended by the above agency from such account for fiscal year 2022 for the purposes of funding the hope ranch for women pilot program: And provided further, That in addition to other purposes for which expenditures may be made by the above agency from such account for fiscal year 2022, expenditures shall be made by the above agency from such account for fiscal year 2022 for the creation of a report detailing activities conducted during the hope ranch for women pilot program, including the number of women served, the demographics of women served, the client service needs at intake, the length of services, the reasons for any cases closing, the recidivism rate, the client costs and the average project costs, and

a budget itemization report and budget transaction report. And provided further, That the secretary for children and families shall submit such report to the house of representatives committee on social services budget on or before January 31, 2022.

This language would require the Department for Children and Families to provide up to \$300,000 of public funds to the Hope Ranch for Women organization. My administration has a strong record of supporting organizations combating human trafficking through competitive grants and other programs that ensure accountability of public funding. If the Legislature wishes to establish a new program to provide more funding to organizations doing this critical work, it should send a fully vetted piece of legislation to my desk after thorough legislative, stakeholder, and public review.

Kansas State University—Polytechnic Campus

Section 101(a) has been line-item vetoed in its entirety.

This allocation would allocate \$160,080 to the Kansas State University Polytechnic campus with the stated justification that it is intended to reimburse the campus for revenue that was received by the Kansas Public Employees Retirement System from the sale of surplus property under K.S.A. 75-6609(f)(1). If the Legislature wants to create a different distribution formula for proceeds from the sale of surplus real estate, then it should amend the statute to do so for all state agencies and not provide an exception to the statute for the sale of surplus property by one entity. If this is intended to be an enhancement for Kansas State University Polytechnic Campus, then it should apply for such an enhancement through the normal process.

Kansas State University Extension Systems and  
Agricultural Research Programs—4-H Micromanagement

Sections 103(d) and 104(d) have been line-item vetoed in their entirety.

These sections would prohibit any expenditures by Kansas State University or Kansas State University Extension Systems and Agricultural Research Programs that would require participants to wear face coverings or have a COVID-19 vaccination to participate in any 4-H organization, unit, event, or activity. Most children eligible to participate in 4-H are not eligible to receive the COVID-19 vaccine, much less be required to take it. During the pandemic, many involved in 4-H have demonstrated commitment and leadership in protecting the health of their communities and family and we should commend them for their efforts.

Kansas Highway Patrol—Aircraft Trade-In  
and Purchase of Single-Engine Aircraft

Sections 121(a) and 121(f) have been line-item vetoed in their entirety.

This section requires the Kansas Highway Patrol to trade in two aircraft and allows it to purchase one aircraft. My budget provided comprehensive funding for Kansas Highway Patrol aircraft. This section does not. I encourage the Legislature to work with the administration to find comprehensive funding to address this needed enhancement, including the possibility of using one-time federal funding.

Kansas Highway Patrol—Capitol Police and State Troopers Pay Parity

Section 122(h) has been line-item vetoed in its entirety.

This measure would require the Kansas Highway Patrol to make expenditures to provide salary and wage parity between the Capitol Police and State Troopers. We should respect the Kansas Highway Patrol's request to address this issue internally.

Section 140—2% Cut if Performance Based Budget Objectives Are Not Met

Section 140 has been line-item vetoed in its entirety.

This section would implement a complex and unnecessary system for ensuring that state agencies are following K.S.A. 75-3718(b). As the former Ranking Member of the Senate Ways and Means Committee, I know first-hand the importance of making budgeting decisions based on the effectiveness of state programs and services. State Agencies already provide annual performance-based budgets for consideration during the budgeting process. Although steps to continually improve agency data and metrics are important, attaching these efforts to substantial punitive budget cuts are dangerous and counterproductive. I will not sign a provision that would put critical state services like K-12 public schools at risk of a 2% cut. Any individual issues with the quantity or quality of information provided should be addressed internally. I will continue to be committed to ensuring that both the administration and the Legislature have the information needed to make informed budget decisions.

#### Section 141—Prohibiting Expenditures to Issue or Enforce Statewide Mask Mandate

Section 141 has been line-item vetoed in its entirety.

This section would prohibit any expenditures to issue or enforce a statewide mask mandate. This proviso is unnecessary considering the significant changes made to the Kansas Emergency Management Act in Senate Bill 40. There are already enough avenues for the legislature—and even private citizens—to challenge or overturn public health measures such as mask mandates, which reduce the spread of the coronavirus, reduce hospitalizations, and save lives.

#### Section 142—E-verify Provisions

Section 142 has been line-item vetoed in its entirety.

This section would require state agencies and some bidders, contractors, or employers who contract with the state to participate in E-verify beginning in fiscal year 2022 and ending June 30, 2023. Although I welcome policies to help improve oversight and accountability for state operations and contracts, blanket policy changes to the state's administrative processes should be fully vetted by stakeholders, legislators, and the public through the traditional legislative process.

#### Section 143—Unemployment Insurance Modernization

##### Request for Proposal Restrictions

Section 143 has been line-item vetoed in its entirety.

This issue has already been addressed in House Bill 2196, which I signed on the same day that I signed this bill. House Bill 2196 establishes comprehensive oversight measures regarding unemployment system modernization efforts and avoids the undue and harmful delay in modernizing our unemployment insurance system that this section would cause.

#### Kansas Board of Regents—State University Capital Renewal Initiative

Section 163(a) has been line-item vetoed in its entirety.

This section would provide \$10,292,230 for the State University Capital Renewal Initiative. This funding is equivalent to the funding that was included in the budget to be used at the discretion of the Kansas Board of Regents. While I provided discretion to the Board of Regents on the use of this funding, the amount was calculated based on the share that the Regents System would receive if all state employees received a 2.5% salary and wage adjustment and not as a bond service payment on deferred maintenance. Although investments to address infrastructure issues are critically important, this specific state appropriation should be included with pay increases for state employees as intended. The Kansas Board of Regents should utilize federal funds

to pay for deferred maintenance.

A motion was made that, notwithstanding the Governor's objection, the line item veto **Section 30(c)** be reconsidered.

By a vote of 86 Yeas and 38 Nays, the motion having received the required two-thirds constitutional majority vote of the members elected or appointed to the House of Representatives, voting in the affirmative, the line item did pass.

SIXTY-FIFTH DAY

---

SENATE CHAMBER, TOPEKA, KANSAS  
Wednesday, May 26, 2021, 10:00 a.m.

As provided by **SCR 1613**, the Sine Die Session of the regular 2021 Kansas Senate was called to order by Vice President Rick Wilborn.

The roll was called with 39 senators present.

Senator Claeys was excused.

Invocation by Reverend Cecil T. Washington:

The Final Adjournment; The Leave To Go Home!

Romans 13:1-8, Matthew 25:1-13

Lord, as we gather today, we're coming back from a break, and we're looking at the conclusion of this session. Thank You for permitting us to serve, to serve You while serving others. Thanks for bringing us together, even though there were times we didn't appear to be together. Only You could create harmony when facing so many obstacles, so many grounds for discord. Thank You for Your faithfulness, Your patience and Your willingness to look beyond our faults to meet our needs.

As we now look to suspend the events in these halls, we'll turn toward other concerns that need our attention. But keep us mindful that we're not to adjourn from serving or representing You. For You said in Romans 13:1-9, that all authority comes from and is accountable to You, that there is no adjournment from the responsibility to love one another Lord.

The term "Sine Die" comes from the Latin sine, meaning "without" and die, meaning "day." We're coming now to a time of adjournment, without a specified day to come back together. In a like-manner, Lord, we all face a final Sine Die, a final adjournment, looking forward to an unspecified day when You will dismiss us from our labors on this earth and prayerfully we'll be ready to come together with You. In the gospel of Matthew 25:1-13, You give us the parable of 10 that were facing their finish. Only half of them, were ready, ready for You to receive them.

Lord, after all is said and done, when we face our final sine die, we want to be ready! Bring us on home to be with You. I lift this prayer, in the precious Name of Jesus! Amen!

The Pledge of Allegiance was led by Vice President Wilborn.

Public Health and Welfare: **SB 315**.

**MESSAGES FROM THE GOVERNOR**

**SB 39, SB 47, SB 60, SB 170** approved on May 17, 2021.

**SB 78, SB 238** approved on May 19, 2021.

Enclosed herewith are Executive Directives No. 21-533 and No. 21-534 for your information. (May 11, 2021).

**MESSAGE FROM THE GOVERNOR  
REGARDING VETO OF SENATE BILL 29  
May 20, 2021**

We already know that the solution to provide health care for 165,000 Kansans, bring thousands of jobs to our state, save small businesses money, and inject millions into our economy is to expand Medicaid.

Junk insurance – which does not cover pre-existing conditions or provide consumer protections – is just that: “junk.” Signing this bill would cause more Kansas families to go bankrupt over medical bills. If the Legislature wants to get serious about improving access to health care, they should join 38 other states and the District of Columbia and pass Medicaid expansion. Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 29**.

LAURA KELLY  
*Governor*

**MESSAGE FROM THE GOVERNOR  
REGARDING SENATE BILL 159  
May 21, 2021**

**Senate Bill 159**, this session’s omnibus budget bill, makes many important investments in our state. But as with many omnibus budget bills, not every appropriation included is necessary or appropriate. Therefore, pursuant to Article 2, Section 14(b) of the Constitution of the State of Kansas, I hereby return **Senate Bill 159** with my signature approving the bill, except for the item enumerated below.

**\$500,000 from the State General Fund to the University of Kansas Medical Center for clinical trials on a COVID-19 treatment using MSCTC-0010 cells developed at the Midwest Stem Cell Therapy Center**

Section 46(a) has been line-item vetoed in its entirety.

This section provides \$500,000 to the University of Kansas Medical Center to conduct clinical trials for a COVID-19 treatment using MSCTC-0010 cells developed at the Midwest Stem Cell Therapy Center. During debate on the Senate’s original budget, contained in **Substitute for Senate Bill 267**, an amendment to add this funding was wisely withdrawn. The medical experts who lead the research associated with this proviso have clearly and plainly communicated to the Legislature that such a clinical trial would not be realistic or even feasible given the timeframe and funding provided. A 2018 article in the Journal of the American Medical Association found that the average cost of a clinical trial is \$19 million, with the total cost of developing a new drug closer to \$2 to \$3 billion. Given those realities and the proven effectiveness of COVID-19 vaccines and treatments that are now widely available, we should focus our efforts on increasing the number of Kansans who are vaccinated so that we can prevent infections, severe illnesses, and deaths. We should listen to those with knowledge of how clinical

trials work when they tell us that the proposal outlined in this proviso is unrealistic and unneeded, and we should focus on saving lives by expediting vaccinations for as many Kansans as possible throughout the state.

LAURA KELLY  
*Governor*

**MESSAGE FROM THE GOVERNOR  
REGARDING VETO OF SENATE BILL 273  
May 21, 2021**

The COVID-19 pandemic has presented many challenges for Kansas businesses over the last year, and my administration has been committed to doing all we can to support their continued pandemic recovery efforts through the Strengthening People and Revitalizing Kansas (“SPARK”) Taskforce. The SPARK process brings together business, legislative, and community leaders from across the state to collaborate on data-driven, innovative investments using federal relief dollars. All recovery initiatives should go through the transparent, federally compliant, bipartisan, and efficient process we have already established through the SPARK Taskforce. **SB 273** is well-intentioned, but it violates federal rules for the use of American Rescue Plan Act (“ARPA”) funds that prevent the state from placing conditions or requirements on local governments’ use of ARPA funds.

**SB 273** also fails to comply with federal rules that prohibit using ARPA funds to resolve potential legal claims against state or local governments. I am committed to working with the SPARK Taskforce to develop relief programs that comply with federal requirements to ensure that our economy emerges from this pandemic stronger and more agile than ever. Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 273**.

**MESSAGE FROM THE HOUSE**

The House adopts the Conference Committee report on **S Sub HB 2313**.

Announcing the House herewith transmits a veto message from the Governor on **HB 2039**, AN ACT concerning education; relating to courses of instruction; requiring a civics examination and a personal financial literacy course for high school graduation; amending K.S.A. 72-3217 and 72-3236 and repealing the existing sections, which was received on April 22, 2021 and was read before the House on May 3, 2021 with the following message:

“The Kansas Constitution endows our state Board of Education with the authority to set the curriculum for our public schools. We should let the state Board of Education do

that job, not the Legislature. This is legislative overreach. Should the Legislature wish to modify curriculum, I encourage the Legislature to collaborate with the State Board of Education.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2039.**”

There being no motion to reconsider **HB 2039**, the Speaker ruled the veto sustained.

Announcing the House herewith transmits a veto message from the Governor on **Substitute HB 2089**, AN ACT concerning education; relating to firearms; standardizing firearm safety education training programs in school districts; establishing the Roy'Alé act., which was received on April 22, 2021 and was read before the House on May 3, 2021 with the following message:

“The Kansas Constitution endows our state Board of Education with the authority to set the curriculum for our public schools. We should let the state Board of Education do that job, not the Legislature. This is legislative overreach. Should the Legislature wish to modify curriculum, I encourage the Legislature to collaborate with the State Board of Education.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto House Bill 2089.”

There being no motion to reconsider **Substitute HB 2089**, the Speaker ruled the veto sustained.

## INTRODUCTION OF BILLS AND CONCURRENT RESOLUTIONS

The following concurrent resolution was introduced and read by title:

SENATE CONCURRENT RESOLUTION No. 1616—

By Senators Masterson and Wilborn

A CONCURRENT RESOLUTION urging the Governor of the State of Kansas to end Federal Pandemic Unemployment Compensation to ensure that businesses do not have to compete with the federal government in attempts to fill thousands of open positions.

WHEREAS, Kansas continues to operate three federal pandemic-related unemployment programs, including weekly Federal Pandemic Unemployment Compensation, in addition to benefits provided by the state's traditional unemployment insurance program, with the original justification for these expansions being that individuals needed additional benefits because of the COVID-19 pandemic, and those individuals could not work; and

WHEREAS, The economy of the State of Kansas has now dramatically recovered from the COVID-19 pandemic as evidenced by the 3.5 % unemployment rate, which is lower than the state's average unemployment rate from 2016 to 2019, according to the U.S. Bureau of Labor Statistics, and at least 73,000 open jobs are currently available in the state; and

WHEREAS, Employers are struggling to find workers to fill these jobs as a result of the disincentive created by government benefits that, including unemployment benefits, currently total \$44,756 on an annualized basis, while the median wage in Kansas is \$38,667; and

WHEREAS, In 2019, the maximum allowed duration of unemployment benefits was

16 weeks, while the Kansas Department of Labor reports that individuals can now receive unemployment benefits for up to 79 weeks; and

WHEREAS, Governor Kelly's administration has instructed Kansas unemployment recipients to answer "yes" when asked if they looked for work, even if they have not looked for work, discouraging employment while promoting deceptive conduct; and

WHEREAS, Fraud is now pervasive in the unemployment compensation program as a result of program expansions, with one in four claims being identified or reported as fraudulent in 2020 according to the Kansas Legislative Division of Post Audit, resulting in Kansas paying out more than \$600 million in fraudulent claims this past year; and

WHEREAS, It is well within this state's prerogative to end its participation in federal pandemic-related unemployment programs, with appropriate notice to the U.S. Department of Labor, as 23 other states have done as of May 26, 2021: Now, therefore,

Be it resolved by the Senate of the State of Kansas, the House of Representatives concurring therein: That the State of Kansas urges the Governor of the State of Kansas to help Kansas businesses attract and retain the employees they desperately need, spur further economic recovery and growth in Kansas and immediately give formal notice to the U.S. Department of Labor that Kansas will be withdrawing from participation in all federal pandemic-related unemployment benefits programs; and

*Be it further resolved:* That the Secretary of State shall send an enrolled copy of this resolution to the chairperson of the Legislative Coordinating Council.
